

Welcome to the Christian Student Center, a group of college age men and women who are individually as well as collectively embarking on a journey of faith. A journey where people find purpose and meaning in life. A journey where people are able to experience life at its fullest. A journey where struggles, mistakes and regrets are **transformed into triumphs, hopes, and opportunities**. A journey, where ultimately, people come face to face with the risen Lord, Jesus Christ.

We at the Student Center are not interested in simply giving intellectual consent to God, but instead seek to develop an **intimate** and **personal** relationship with Him. We seek to be **transformed** by the **love**, **grace**, **forgiveness** and **saving power** that Christ has to offer. Our primarily goal at the student center is to **live lives that continually reflect the glory and power of the cross of Christ**. In so doing, we strive to shine His light before those at UNM and beyond in the hope that they will come to know the Lord.

If you would like to know more about what it means to have a personal relationship with Christ or if you would like more information concerning this ministry, please feel free to **contact us** below.

God bless you,
and may you come to experience the hope and salvation that is available in Jesus.
